Howdy y'all! We are excited to launch a new sponsorship package for Laharum Football Netball Club for 2024, aimed at creating a little camaraderie while raising money for our great club.

LFNC Cattlemen's Association is designed to capture interest from the region's strong farming community, which has long been a vital source of support for our football and netball teams.

By joining the association you will receive several perks, including those below – however, we are in the process of developing other agricultural-based ventures.

Since the club's AGM in September there has been renewed excitement among our dedicated

volunteers, who are working hard to future-proof the club for generations to come.

Your money will go towards running the club, but the driving force behind forming an 'association' is to create a social outlet and bring people from the agricultural sector together.

We are also running a survey to help attract sponsorship from farming-based businesses in the region.

If you would like to be involved or have something to donate – such as sheep, hay, land, cattle or other goods and services – give head honchos Gerard or Joel a call. Yee-Haw!
